

PRODUCT USE GUIDE FOR STAPLES HEAVY DUTY DEGREASER

Product Description

A specially formulated food safe heavy duty hard surface cleaner designed for the most arduous of tasks – the cleaning of hard surfaces in a wide variety of industrial environments – including the food processing industry, where its main use is the removal of fatty and protein deposits. Its high alkali levels along with its combination of amphoteric, non-ionic and cationic surfactants ensure rapid removal of most types of soiling, including rubber from factory floors. It may be used in both high pressure washers and steam cleaners. Caution - This product is not suitable for use on aluminium surfaces.

Product Features

- Can Be Used In Scrubber Driers

Direction for Use

Manual

- Hard water / heavy soiling: 1:100 - 1:20 depending upon type of soil.
- Soft water / light soiling: 1:200.
- Spray product onto the area. Leave 5-10 minutes before wiping off with brush or cloth
- Rinse with cold water
- For heavy soiling/burnt on deposits product can be left on for 30mins

For use in scrubber driers

- Follow machine manufacturers guidelines and instructions for use
- Use rate : dilute 2% in warm water. Add to the detergent tank.

Storage

- Store in cool conditions away from direct sources of heat
- Avoid extremes of temperature
- Do not allow to freeze
- Ensure the cap is tightly fitted after use
- Keep out of reach of children

Shelf Life

- Shelf life 24 months if stored as recommended.
- Use within 6 months of opening

PRODUCT USE GUIDE FOR STAPLES HEAVY DUTY DEGREASER
